

Public Awareness & Outreach Committee

From Sundaes to Space Stations: Careers in Civil Engineering

For some, a job is just a way to pay the bills. But when a career fits one's passions and personalities, work can be a source of great satisfaction and success. ***From Sundaes to Space Stations*** is designed to help students discover the wealth of opportunities within civil engineering.

Reed Brockman, Senior VP and Public Awareness & Outreach Committee Chair for the Boston Society of Civil Engineers Section/ASCE (BSCES) has written a career guide about civil engineering aimed at middle and high school students, along with the help of the following BSCES members: Bill Kennedy; Brian Brenner; Cari Powers; Carlos Pena; Chan Rogers; Charlie Roberts; Dan Saulnier; David Manugian; David Westerling; Denis Young; John Looney; Katie Saltanowitz; Lisa Freed; Rebecca Ducharme; Rich Matson; Sarah Campbell; Tom Taylor; and Tony Centore.

The inspiring real-life stories of civil engineers passionate about making change in the world can help students match their interests to one of the myriad of civil engineering pathways, and find a lifetime of gratifying work and success.

The proceeds from BSCES' sale of this book will benefit the Society's Public Awareness & Outreach Committee which organizes and oversees all BSCES educational outreach on the K-12 level. Purchase your copy of *From Sundaes to Space Stations* today by filling out the lower portion of this form and submitting it to BSCES by fax, mail or email. Please send all emails to bscesreg@engineers.org.
